

"...one of the most creative young chefs of his era."
 "[Warrick] has a passion for food matched only by his instinct for combining flavours to create exquisite menus"

Warrick Dodds is a multi-award winning chef of truly mercurial skill. From his Michelin star award-winning background – Northcote Manor, Heathcotes, Chez Nico – he is now back on home turf, to make The Hastings a dining destination, with a host of seasonally inspired dishes.

"Having grown up and trained in this area, I know what a true storehouse of quality we have here, not only in Lancashire but in particular the Fylde. I've spent many hours sourcing the best products to feature on this menu - from local fishmongers, cheese makers, gamekeepers and farmers - who all share the same passion as I do, to produce quality ingredients fit to grace any King's table. It is my ambition to give Lytham the restaurant it truly deserves and put the Fylde Coast on the gastronomic map".

Glorious game

Drive anywhere around the highways and byways of the Fylde after the glorious 12th (of August), especially in the evenings and mornings and you'll be sure to hear the tell tale pop pop pop of shotguns being fired.

We live in an area awash with top quality game and throughout the autumn and early winter months few foods are as delicious as our locally sourced game.

Our pheasant comes from the estates around and about Wray such as those owned by the Duke of Westminster. This succulent fowl is world renowned for its wonderful flavours and is served here at the Hastings oven-roasted served with a celeriac purée, pickled damsons, chestnut ravioli and orange and thyme scented juices. The Duke of Westminster maybe Britain's richest man but you don't need to be to enjoy this fantastic dish.

Warrick's pie of the week

As the nights draw in and the winter months approach, our menus here at the Hastings reflect this change of temperature. Nothing is more popular at this time of the year than a good, hearty, home cooked pie, especially here at the north west, its spiritual home.

Every week, a steak and kidney might be followed by a chicken and leek, a fish, or even a game pie. Suffice to say, whenever you visit in these cooler months, a gourmet parcel of savoury delights will be awaiting.

As ever, always homemade and with the finest locally sourced ingredients, treat yourself to the dish that – when all said and done – none of us can ever resist.

Fish of the day

Since our opening back in 2010, we at the Hastings have striven to ensure that our menu reflects the best of our locally sourced produce. None is more important nor enjoyable than the fantastic oceans of fish that we have here on our doorstep. The Ribble estuary and the Irish sea beyond still offer some of the marine world's most enjoyable and tasty delights, from shrimps to crab and from haddock to sole.

We're pleased to note that many of our customers now come here largely because of the excellent reputation our fish dishes have attained. We intend to build on that reputation by now always featuring a special, market fresh, fish of the day that will always be available on our ever changing specials menu. Look at tonight's and you can rest assured that it will be on your plate within hours of being landed locally – what could be nicer.
